Boys' Life

FOR ALL BOYS

SEPTEMBER 2008

LEARNING COMES ALIVE

The rain forest is filled with free-flying birds, the coral reef is home to 4,000 exotic fish – and it's all inside a museum. The California Academy of Sciences hosts its grand re-opening Sept. 27 in San Francisco. Gaze up at the digital planetarium or stroll the hilly, plant-covered roof. www.boyslife.org/links/calacademy
