Please join us for an elegant evening, featuring fine wine, a gourmet dinner, exciting live and silent auctions, and entertainment. Blind Babies Foundation is celebrating its 60th Anniversary in 2009 with numerous events throughout the year. We very much want to include all of our alumni and alumni parents in these events. It just doesn't seem right to celebrate and not include the reasons for our existence - our families past and present - in the festivities. Also, we are really curious as to what has happened to our "babies" and their families during the past 60 years.
