A terrific spot for a ladies' night out that is different and offers intelligent fun at an affordable price (\$12) is Nightlife at the California Academy of Sciences. The Academy is a no-doubt-about-it uber amazing place that defies adequate description. The museum explores our universe in stunning ways. Thursday evenings from 6 p.m. to 10 p.m. brings Nightlife to the museum, a 21-and-over only event. With its clubby vibe, thanks to the night's DJ and live band, plus lots of adult food and drink, you know the evening is starting off right. Join in the Nightlife event, a different one each week — cooking demo, art exhibit, dance performance and more — or explore the exhibits and have fun with the ladies. You can also pre-buy a Nightlife VIP Tour (\$59) for a one-hour behind-the-scenes tour with added party privileges, plus a reserved pass for the 8:30 p.m. Planetarium show. Visit the website to purchase tickets.
