April 3, 2015

Feng Shui followers believe good Feng Shui in a graveyard can protect the owner's offspring and bring them peace, health, fortune and good luck.

Feng means wind and shui means water. In Chinese culture wind and water are associated with good health. Thus, bad feng shui came to mean bad luck, or misfortune.

Feng Shui Master Clarence Lau just completed work on the Ocean View Terrace at Valley of the Temples Memorial Park in Kaneohe.
