Eight penthouse condos in downtown San Francisco are now for sale at One Hawthorne, the striking residential tower in the city's financial and cultural center. This Penthouse Collection, with bay and city views, has been on the market for only a few weeks, with residences starting at approximately \$1.6 million. The two- and three-bedroom condos are on the top two floors of the 25-story building and range from 1,560 square feet to 1,995 square feet. One Hawthorne, now more than 90 percent sold, is located in the Yerba Buena neighborhood of San Francisco within walking distance of Westfield Centre, Union Square, and the Ferry Building.
