This morning we poked around a few of those fancy penthouses at One Hawthorne that'll be [hitting the market this Saturday](#), the 29th. **There are eight penthouses for sale on the top two floors of the swanky residential tower** designed by San Francisco-based EHDD Architecture. The staged unit is Unit 25C, a 3-bed, 2.5-bath penthouse asking \$2,550,000. It's approximately 1,975 sq. ft. Unit 25D is the corner penthouse that we are seriously swooning over because it has views galore (see above). That particular unit is a 3-bed, 2.5-bath that's asking \$3,000,000. It's approximately 1,956 sq. ft. We should also mention that in addition to having views of the downtown area and Bay Bridge, some units can peer down on the SFMOMA sculpture garden. The other six units up for grabs range from 1,581 sq. ft. to 1,975 sq. ft. and are priced between \$1,795,000 and \$3,000,000. Building amenities include a spectacular roof terrace, state-of-the-art fitness center, attended lobby and 24-hour valet parking.
