Walmart is looking to hire 300 people. The positions are for a new Supercenter store in Kerman.

It's not scheduled to open until August or September, but Walmart needs employees by July to help stock it.

Monday, June 3rd a hiring center will open in Kerman at 437 S. Madera Ave., which is near the cross of Sunset Ave. You're invited to drop by and fill out an application.

"It's to provide a convenient location so residents can come in and meet the store manager and learn about the types of jobs that are available. We'll stay open for 8 to 10 weeks," said Rachel Wall, spokeswoman for Walmart.

Click the related link to find the application online.

Walmart also recently started a program specifically for veterans. If you've been honorably discharged from the military in the last year, Walmart guarantees you a job somewhere in its company.
