New Walmart brings hundreds of jobs to Elk Grove

Retailer becomes one of largest employers in city

ELK GROVE, Calif. (KCRA) —A brand new Walmart officially opened Wednesday on Bruceville Road in Elk Grove, bringing hundreds of jobs to the community.

The store employs 265 new associates, making Walmart one of the largest employers in the city.

The average wage at Walmart for a full-time hourly employee is about \$13 per hour in California.

Walmart says more than 75 percent of the company's managers began their Walmart careers as hourly associates, including the new store's manager, Jorge Sabido.

Most of the new employees have already been hired, but a handful of positions are still open for people to apply.
