

New Clovis Walmart Neighborhood Market Nearing Completion

Construction nearly complete; associates begin to stock shelves, prepare for opening

The new Walmart Neighborhood Market in Clovis, scheduled to open this fall, moves closer to completion as associates now begin stocking shelves in preparation for the grand opening on Sept. 18. The approximately 53,900-square-foot store, located at 1830 Shaw Ave., will include a full line of groceries and an assortment of general merchandise.

This is in the 'old' Albertson's grocery store at the corner of Shaw and Fowler.

"We're bringing the lowest prices to Clovis, and the wait is almost over," said store manager Michelle Llewellyn. "We look forward to saving Clovis shoppers money so they can live better."
