The Kerman Walmart Supercenter, currently under construction, is hiring 300 associates.

With an expected opening later this summer, a Walmart Supercenter in Kerman is taking applications for about 300 associate jobs.

Walmart will open a temporary hiring center at 437 S. Madera Ave. in Kerman to assist job seekers. Applicants can apply online at <http://careers.walmart.com/> or visit the hiring center when it opens on June 3rd to use online kiosks.

The store looks to hire full- and part-time associates. The majority of new associates will start work in July to prepare for an anticipated August grand opening.

"We are excited to add the first Walmart to Kerman and bring good jobs with great career opportunities to the area," said Emilio Baca, store manager, in a statement. "The new Kerman Walmart will give area residents a more convenient location to access our Every Day Low Prices and help keep tax revenue in the city."

The phone number for the Kerman hiring center, which opens Monday, is (559) 842-0771.
