You know you do, so just admit it. "I Do Bad Things" cotton **panties** show off your evil pussy with comfort and class.

From the world's most diverse vineyard, **Night Owl Pinot Noir** blends sweet cherry with spicy vanilla and is aged to perfection.

You've been smooching taken men, but why keep it quiet? The "I'm the skeleton in your boyfriend's closet" **tee** tells all.

Frosted glass can't hide what you imbibe in the **XYZ Zipper old-fashioned tumblers**. It's bad barware for dirty-girl cocktails.

We've put our name where your pleasure is with the **Playgirl Signature Collection Shower Mate**. Water sports made nice.

Mocha meets martini in **Cocktails by Jenn's Chocolate Peppermint Martini**. Now's the time for indulgences—enjoy.

Nothing says V-Day like a box of chocolates. Treat yourself to eight delicious varieties in the **Chocolove premium gift box**.

Love hurts. Write out your pain and "Dear John" letters in your **She Read the Letter journal** from illustrator Adrian Tomine.

Drowning your broken-heart blues looks cooler when you're pounding PBR in your "**Love Hurts**" stein. Now wait for the hangover.
