Save the Redwoods League Marks 100th Anniversary in October 2018, with a Week of Events Throughout California

Free Festivals, Films, Gala are Planned October 7-14

San Francisco, Calif. (July 24, 2018) — Save the Redwoods League, celebrating its centennial year as the only nonprofit dedicated to protecting and restoring California's coast redwood and giant sequoia forests, today announced its official **Centennial Celebration Week events for October 7-14, 2018**. The League will host two free festivals, a film premiere, and an inaugural gala, among other events. For details, see the schedule below and [visit our events webpage](#).

"It's time we celebrated our redwood forests," said Sam Hodder, president and CEO of Save the Redwoods League. "These quintessential California icons that inspired our nation's conservation movement stand today because of the dedication of Save the Redwoods League, our partners, and the communities who care deeply for these ancient giants. Our Centennial Celebration Week activities are opportunities for everyone to come together to stand with the redwoods, celebrate California's world-renowned public lands, and commit to a vibrant and resilient future for the redwood forests that sustain us."
