Native Trails Unveils New Copper Bathtub and High-Shine Sink Finishes at KBIS Orlando

Native Trails plans for its busiest booth yet with stunning new products and finishes on display; Kortney and Dave Wilson of HGTV's "Masters of Flip" attending for meet and greet

SAN LUIS OBISPO, CALIF. (Jan. 1, 2017) – [Native Trails](#), the eco-chic company renowned for its luxurious artisan-made kitchen, bath, and lifestyle products, unveils its new copper bathtub, Santorini, as well as new Polished Copper and Polished Nickel sink finishes for the kitchen and bath. The company is also debuting a 48-inch sizing for its popular Americana Vanity and NativeStone® Palomar Vanity Top with Integral Sink. All new products and finishes are available in showrooms beginning February 2017. KBIS attendees can get a first look at Native Trails' new products for 2017 in Booth #S4608.

KBIS attendees can meet Kortney and Dave Wilson of HGTV's "Masters of Flip" in the Native Trails booth on Tuesday, January 10 at 2:30 p.m. Kortney and Dave will meet and take photos with fans, and view the latest products from Native Trails.

"We've created our new polished nickel and polished copper offerings as a dazzling way to 'bring in the bling' in 2017 while adding both sustainability and clean design to any style, from traditional to modern." said Naomi Neilson Howard, founder and CEO of Native Trails. "Our new Santorini tub, in Polished Copper, is a prime example. Its high-shine finish radiates depth, texture, and warmth in the master bath space. Its many thousands of hammer marks are accentuated by the polished finish, resulting in a stunning piece of eye candy. We are eager to return to this year's KBIS to share with the world our latest creations!"

Santorini, like its namesake, is a freestanding tub that exemplifies romance with its beauty and history. Its graceful lines and pedestal base encourage long, lazy soaks that transform the bathing experience.

The new Santorini bathtub in Polished Copper will be one of four tubs on display.

Maestro Round will be on display in two finishes, including Polished Nickel, shown.

Santorini* will be on display in Polished Copper finish (\$9,490), and Brushed Nickel finish (\$13,330). It is also available in Antique finish (\$9,330), Outer dimension: 66" X 32.5" X 24".

Native Trails has expanded its innovative line of copper sinks with two new and distinct finishes: **Polished Copper** and **Polished Nickel**. Both finishes offer expanded design possibilities for kitchen, bath, and entertaining spaces, and give these rooms a more reason to shine.

High-shine statement pieces, such as sinks, lead the trend of gleaming finishes that pack a visual punch. Polished Copper is a luxe shade with hints of rose gold, hand polished for a dazzling shine, while Polished Nickel is a warm-toned silver color, hand polished to a mirror shine. Both finishes unite beauty with practicality – especially when paired with Native Trails' new MetalProtect™. Newly released by Native Trails, MetalProtect is a breakthrough clear coating that can eliminate the need for polishing for a year or more.

Classic in Polished Copper makes its debut in the KBIS booth.

Native Trails' new Polished Copper and Polished Nickel offerings include:

Kitchen (complete copper kitchen sink collection [here](#))

Farmhouse 30* will be on display in Polished Copper \$2,650

Cocina 30 in Polished Copper \$2,130

Tatra* will be on display in Polished Nickel \$1,798

All Native Trails copper sinks are handmade by artisans and forged of 100 percent, high-quality recycled copper.

Americana Vanity and **Palomar Vanity Top with Integral Sink*** are now being offered in 48-inch sizing to accommodate the scale and luxury of a grand master bath.

Palomar Vanity Top with Integral Sink is hand formed by artisans in Vietnam using Native Trails' exclusive NativeStone® material. This strong blend of cement and natural jute fiber produces a product that is 40 percent lighter than standard concrete and exceptionally resistant to cracking, scratching, and staining. 48" is available in Ash, Slate and Pearl finishes (\$1,485). See the Palomar Vanity Collection [here](#).

Americana Vanity is made from sustainable hardwood that brings a refined yet relaxed look, as well as practical storage, to any bathroom. Each vanity is handcrafted by artisans who use reclaimed wood from old barns, homesteads and fencing gathered along California's Central Coast. Artisans also hand forge each piece of hardware to complete the seamless, all-American look. 48" is available in Anvil, Chestnut, Driftwood and Whitewash finishes (\$3,248). See the entire Americana Collection [here](#).

**These products will be on display at KBIS.*

About Native Trails

[Native Trails](#), now celebrating its 20th anniversary, is the premier source for luxury functional art in the kitchen, bath and home. Offering inspired design, Native Trails is best known for copper and NativeStone® sinks and bathtubs. Its artisan-made product lines have grown to include vanities and furniture made of reclaimed and FSC-certified woods, and a range of home décor products.

Headquartered in San Luis Obispo, Calif., the company ships its award-winning, sustainable products to more than 1,300 showrooms across the U.S. and Canada, while its website, www.nativetrails.net, offers sales beyond North America.

For further information, contact Native Trails at (800) 786-0862 or visit the company on [Twitter](#), [Facebook](#), [Pinterest](#) and [Houzz](#).
