

Wreaths across America ceremony held in Tucson

December 16, 2017

TUCSON (KGUN 9-TV) - A ceremony to remember and honor veterans both at home and abroad.

Wreaths Across America is an annual event held at different locations across the country and globe where people honor veterans who were killed in the line of duty, by placing a wreath at their grave.

One family says they brought their children to the event in order to show them what it means to give ones life for country and show respect.
