

Native Trails Expands Vintner's Collection with Launch of Award-Winning Bordeaux Wall Mount in Anvil Finish

American artisans reimagine oak barrels from California's wine country into beautiful, functional bath vanities or wet bars for the home

Product available in Anvil beginning June 2015; Oak finish available now

SAN LUIS OBISPO, Calif. (March 4, 2015) – [Native Trails](http://www.nativetrails.com), the eco-chic California company known the world over for its luxury, artisan-made kitchen and bath products, is expanding its popular Vintner's Collection with the addition of the [Bordeaux Wall Mount](#) in Anvil finish for 2015. This award-winning vanity reincarnates an authentic piece of California's wine country into a functional wall mount vanity that is suited for the bathroom or as a wet bar. Bordeaux Wall Mount in Anvil is available beginning in June for purchase in showrooms across the U.S. and Canada.

"We're excited for the public debut of Bordeaux Wall Mount in Anvil for people seeking a fun, functional bathroom vanity or wet bar that includes a unique piece of American history," said Naomi Neilson Howard, founder and CEO of Native Trails. "Bordeaux Wall Mount is always an instant conversation piece. The new Anvil finish was inspired by the popularity of our Americana Vanity in Anvil, where we've shown how reclaimed wood can take on a classic – or distinctly contemporary – look in this soft black finish. It creates a transitional style option for our popular Bordeaux, and we expect it to be a customer favorite for 2015."

Bordeaux is made from California wine country oak barrels and staves that have outlived their original five-year lifespan. To produce the Wall Mount in its final form, artisans carefully disassemble and modify the barrel, then finish the piece with multiple custom-blended waxes that are hand rubbed into the reclaimed wood bath vanity.

Bordeaux Wall Mount has already received many professional accolades, including "Innovative Furniture Product of the Year" from the Decorative Plumbing and Hardware Association (DPHA), "Innovative Eco-Design" from U.S. Green Building Council –

California Central Coast Chapter (USGBC C4) and the prestigious Green GOOD Design award in 2013.

Bordeaux Wall Mount product details include:
