

Walmart launches online grocery store pickup

Walmart will launch online grocery pickup at four local stores Tuesday, it was announced Monday.

Three are in Bakersfield, one in Delano.

The free service enables customers to order groceries online and pick them up at their local Walmart without leaving their cars.

“Customers have told us that grocery pickup is a game changer. They’re now able to complete their grocery shopping in a matter of minutes – between errands or on their way home – without getting out of the car,” said Roxanne Sanders, Walmart’s local market manager, said in a news release.

It works this way: customers go to walmart.com/grocery online or through the Walmart Grocery mobile app, enter their ZIP codes to select a local store and begin creating their shopping lists. During checkout, they select a time to pick up their orders, the news release said.

It says when a customer arrives at the pickup location, there will be reserved parking spaces marked in orange, and a number to call an associate. An associate will retrieve the order and load it into the car.

The service will be available at:

- 5625 Calloway Drive, Bakersfield
- 1249 Allen Road, Bakersfield
- 5075 Gosford Road, Bakersfield
- 530 Woollomes Ave., Delano
