- Addition of industrial and power tools in hardware department
- Addition of private consultation room in pharmacy
- Redesigned infants department with easier access to everyday essentials like diapers and formula
- Easier to navigate: improved store flow, new signage, lighting, flooring, and paint

"We're looking forward to reintroducing our store to the community with expanded offerings and a fresh look," said Store Manager Cynthia Mendoza. "Our everyday low prices remain the same, but these investments add greater convenience and an improved shopping experience for the people of Woodland."
