

Keeping It Clean

Bath vanity trends cater to a desire for clean, uncluttered spaces that make a statement.

The four-piece Palomar Americana Suite from **Native Trails** includes the 36" Palomar Vanity Top with Integral Sink and the 36" Americana Vanity in Whitewash. Artisan crafted from heirloom-quality salvaged wood, Americana vanities are complemented with hand-forged iron hardware. Circle No. 166 on Product Card

SIMPLE PIZZAZZ

Consistent with overall kitchen and bath design trends, manufacturers say that transitional styles with clean lines and less ornamentation are leading the way in vanities as well.

Another way to achieve the simple, uncluttered visual is integration of the sink into the vanity top, something that Naomi Neilson Howard, founder & CEO at Native Trails in San Luis Obispo, CA, sees big demand for. "The clean aesthetic and easy maintenance is a big draw, and the overall look can make a big statement from a design perspective," she says. The company's Palomar vanity top in NativeStone is a good example of this, she adds, as well as its hammered copper Sedona vanity top.
