Walmart's Day of Giving event awarded the Food Bank Coalition of San Luis Obispo a \$40,000 grant on Wednesday.

The Day of Giving event occurred in the Bay Area, Fresno, Sacramento and San Luis Obispo. Organizations that served purposes focusing on hunger relief and healthy eating, sustainability, women's economic empowerment and career opportunity were considered for grants totaling \$700,000.

The food bank said even the smallest contributions are helpful, so a grant this large will have a positive impact on the food bank's services.

"That's so important; to deliver nutrition to people in need," said Kevin Drabinski, CEO of Food Bank Coalition of San Luis Obispo. "And we provide nutrition education around that, so that people can continue the habit of eating well at home."
