

## Region's newest Wal-Mart opening soon

Nov 12, 2015  
Sonya Sorich

Wal-Mart Stores Inc. is preparing to open a new Sacramento County store. The location at 5915 Gerber Road will welcome customers on Nov. 18.

The new Wal-Mart covers about 132,000 square feet and will offer a full line of groceries. "With major construction complete, we're in the home stretch for our grand opening," store manager Silvio Garbarino said in a prepared statement.

### Region's newest Wal-Mart opening soon

Wal-Mart Stores Inc. is preparing to open a new store at 5915 Gerber Road. This is a photo of an existing location elsewhere.

It's located just south of the Sacramento city limits. The county issued a building permit for the store last November. The location is on the site of the former Champions Golf Links course, which closed a few years ago.

The store is expected to employ about 300 people, including full- and part-time positions.
