

## 10 Farmhouse Kitchen Sinks To Consider For Your Next Remodel

BY SASSY TOWNHOUSE LIVING

Swapping out your old kitchen sink for a new one can make a huge difference in the overall look of your kitchen. Farmhouse kitchen sinks have been a trend in kitchen design for the past few years and are more popular than ever before.

I've wanted to change my kitchen sink for a while now, and I'm always [pulling in elements of farmhouse style](#) even though my home is not particularly farmhouse in its decor. I do have pops of farmhouse style in my home and love adding it as I'm drawn to the overall appeal of eclectic home decor.

I've tracked some of my favorite farmhouse kitchen sinks and am excited to share them with you too!

9 – This Native Trails Farmhouse 30" NativeStone Kitchen Sink is more on the contemporary side of farmhouse style but when paired with that stunning farmhouse style faucet, it's perfect for any home.
