## NATIVE TRAILS UNVEILS CARRARA MARBLE INSET CUZCO VANITIES

Extended Cuzco collection includes new Carrara finish, linen tower, mirror and 48"/60"/72" widths

Native Trails, the eco-chic California company known the world over for its magnificent, artisan-made kitchen and bath products, is expanding its Cuzco Collection. Among the additions to its Cuzco vanity line is a Carrara marble inset bathroom vanity. Available in 48", 60" and 72" widths. The Cuzco Collection includes vanities, a linen tower and complementary mirrors. The vanities and linen towers are made of forged steel with insets in multiple finishes, including Antique or Brushed Nickel hammered copper, and Carrara marble. "On trend with today's larger master baths, our new Cuzco vanities include three new widths that customers have been eager to purchase," said Naomi Neilson Howard, founder and CEO of Native Trails. "Combined, these new additions fit perfectly with today's emphasis on turning bathrooms into a beautiful focal point in the home. Both the 60" and 72" vanities feature two push-to-open drawers. The Linen Tower also features a push-to-open drawer as well as a cabinet that provides ample bathroom storage. Three open shelves also offer decorative display space.
