

## WHAT'S HOT: FALL ARRIVALS TO MAKE YOU *swoon*

FROM HANGING FIREPLACES TO LUXURIOUS MINK CHAIRS TO DIE-FOR, YOURVILLA HAS YOU COVERED.

By Debbie L. Sklar

Sorry, time to hang up the swimsuits and leap into fall; maybe start thinking about getting your home ready for the holiday season.

It is after all, the time of year when the air feels crisp, the sweaters come out of storage, and you want to spend time more nesting in your home. Yes, even in the IE, OC, and desert areas where the sun still shines in Q4 and beyond.

With that said YourVilla has collected 17 of the latest and greatest fall trends from out-of-this-world hanging fireplaces to bathroom washlets to make you feel as if you've just entered a world-class spa. If those don't whet your appetite to redecorate don't miss BDI's portable Corridor Bar reminiscent of Old Hollywood. Can't you just envision Sinatra mixing a cocktail or two now? Sit back, relax, and start figuring out which corners these fab finds will fit into your home.
