Best Health-Related Nonprofit

Mission Neighborhood Health Center

Mission Neighborhood Health Center was selected as best health-related nonprofit.

Executive Director Brenda Storey said MNHC, which is marking its 50th anniversary this year, is "very happy and honored" to hear the news.

"Our focus has been on serving those who may not have other health insurance options, and we will continue that mission," said Storey, who is a lesbian.

MNHC has long provided HIV prevention services, and it's also started a PrEP clinic. Storey said the nonprofit's multidisciplinary services for HIV care are recognized nationally for their effectiveness in viral suppression.

Mission Neighborhood Health Service, 240 Shotwell Street, San Francisco, (415) 552-1013,
